Just Jess specializes in beautiful buttercream wedding cakes, that not only look gorgeous, but taste it too.

We have a range of options to suit your needs, guest list, style and budget.

We love to work with classic flavours, fluffy buttercream, and fresh florals. Our team will work with you to bring your vision to life, and make sure you wow your guests with a beautiful and delicious cake.

Add on things like edible gold leaf, in season fruits and a custom cake topper to up the luxe factor.

custom cookies

Say it with cookies! A beautifully personal touch to your tables, and a favour that will never get left behind.

Match your cookies to your wedding tones and pop a personalized message, or your guests names to double as a place setting and wedding favour. You can pop them around your wedding cake or in a dessert graze.

Add on edible gold or silver leaf, metallic paints or dried florals for an extra touch of glamour.

Delicious sugar cookies topped with fondant and stamped with your choice of words.

cupcakes

cupcakes are a great way to serve your wedding cake! Get yourself a small cutting cake to save for your first anniversary, and serve different flavour cupcakes to guests, allowing them their very own little part of your day.

Scrumptious mini cakes with yummy fillings and our famous fluffy buttercream, decorated to perfection to match your event and style.

less mess, and they look absolutely gorgeous stacked up on multi tiered stands

donuts

Donuts at a wedding is possibly the best way to go down as 'wedding of the year' with your friends.

Available with a number of toppings, fillings and flavours, the options are endless! pop a mini donut in a bag with a custom sticker at your guests seat, or pile them up under a small cake for a modern twist. Add them to your dessert table, or bring a tray out at midnight to soak up the last of that champagne before you head home.

Beautiful add ons are also available, give us your theme and we will tie them in to suit.
