**\*ALL CAKES ARE DOUBLE LAYERS FOR HEIGHT**  
Additional layers can be added for extra servings. POA.  
Please refer to our cake cutting guide to get the best from your cake.

All cakes are made and decorated by hand, so no two are the same, these prices are indicative. We will work with you to create and price your perfect cake for your budget! Unicorn horns and ears are NOT edible but are food safe and are to be removed before consumption. Horn is stuck in with a food safe bamboo stick for stability. Includes 4 mane colours - please let us know what you would like! Otherwise our standard is pink, purple, teal and yellow.  
Servings are based on slices approx 1 inch wide  
Florals are sourced locally and will be purchased based on what is in season and matched to your colour theme. Edible gold and silver leaf is accents only - not a full covered cake, this would be POA.  
Delivery is free within a 10km radius of Hosbonville Point, and thereafter charged at \$1 per/km. Prices Valid as at 1 April 2020 and are subject to change at any time.  
Prices include gst.

## CAKE CUTTING GUIDE - cake pictures here is a 6 inch with an additional layer.

you'll need a bread/cutting board, sharp knife, paper towel or damp clean cloth and a platter for serving

cut a 1 inch slice off the side of the cake horizontally - for a 6 inch cake you would get 5 slabs of cake - two rounded ends + 3 middle pieces

lay the slab of cake down on the board and cut into 1 inch pieces as per image

cut these pieces into their separate layers - two layer cakes into two where icing meets between layers - enjoy!
